RE: Federal Center Facility, 607 Hardesty Avenue, Kansas City, Missouri

Dear Mr. Hartshorn:

I received your consultant's email on May 6, 2003, regarding the approval of the Additional Environmental Site Investigation activities for the volatile organics associated with Building #6. You submitted the Additional Environmental Site Investigation Activities document on April 21, 2003. After reviewing their email response to my comments the site investigation activities are approved for implementation.

Please provide notice at least 5 working days prior to initiating field activities so that I have an opportunity to make arrangements to be present. You may contact me at (573) 751-7538 or P.O. Box 176, Jefferson City, Missouri 65102-0176 with any questions.

Sincerely,
